

### 250TD+

#### Flexor 250TD+:

The Flexor 250TD+ is the perfect re-register die cutting slitter rewriter for utilisation with smaller digital label printing presses. The 250TD+ re-register die cutting machine allows digitally printed webs to be finished quickly and economically. The machine offers the flexibility and high performance often found in much larger and more expensive machines. It is suited for your needs to produce short runs quickly and minimize waste. The Flexor 250TD+ table top die cutter is the cost effective solution to the finishing of digitally printed webs.
